Thanks Ben. I am really not working again until Tuesday...but I will respond to emails. I have changed some names of files due to the length. I have the new files you have given me for last two days and put them in a folder. I will replace with the breakdown you provided below. Thanks for that.

Please go through all that you have received and If you have not received any of the listed deliverables please let me know and I will email it to you. Note that the titles may differ slightly because I may have modified them for convenience of dealing with multiple data to avoid conflict when saving the files.

We are still working on the soil maps for NFB and HTC. We have made considerable progress and you should receive them soon.

If all goes well, by next week you should receive the figures for the indoor surveys at CRU and before the end of the week the Tables should be ready.

Please let me know if you have any questions.

Thanks,

**Ben Nwosu**
